Paula,

Thanks for your response.

We would like to have a discussion with you.

We are available today at either 2:00 or 3:00.

I would like to ensure that Dan can participate as well.

If today doesn't work, I'd appreciate it if you would propose something for next week.

Thanks again,

Pat

Subject: Sunnyside's SW,GW Solid Phase work plan - Follow-up

Pat – On July 31st when we had a conference call on EPA's comments on Sunnyside's two work plans, it was suggested that we talk again this week regarding your SW,GW solid phase sampling work plan and our comments on the work plan.

I think you know that we have been a little busy this week but I wanted to let you know that Sherry, Liz and I are available to discuss further our comments should Sunnyside feel its necessary. Sherry and I are not available in the AM but we could be available for a conference call at 2:00 or 3:00 pm tomorrow afternoon. Sherry isn't available on Friday. (I don't know what Dan Wall's availability is either tomorrow or next week0. Of course, we would have time next week also if that would be more convenient.

Please let me know how you wish to proceed. Thank you.

Paula Schmittiel
